MY OBJECTIVE

Obtain a position capable of capitalizing on my creative leadership skills while providing exposure to education, design and professional development.

SOFTWARE SKILLS

Autocad	<div style="width: 100%; height: 10px; background-color: orange;"></div>
GIS	<div style="width: 100%; height: 10px; background-color: orange;"></div>
Lumion	<div style="width: 100%; height: 10px; background-color: orange;"></div>
Adobe Photoshop	<div style="width: 100%; height: 10px; background-color: orange;"></div>
Adobe Illustrator	<div style="width: 100%; height: 10px; background-color: orange;"></div>
Adobe Indesign	<div style="width: 100%; height: 10px; background-color: orange;"></div>
Sketchup	<div style="width: 100%; height: 10px; background-color: orange;"></div>
Microsoft Office	<div style="width: 100%; height: 10px; background-color: orange;"></div>
Rhino 3D	<div style="width: 100%; height: 10px; background-color: orange;"></div>
Hand Drawing	<div style="width: 100%; height: 10px; background-color: orange;"></div>

STRENGTHS & INTERESTS

Creativity	Photography
Self-Motivated	Travel
Communication	Horticulture
Leadership	Cooking

LANGUAGES

English	<div style="width: 100%; height: 10px; background-color: orange;"></div>
Spanish	<div style="width: 100%; height: 10px; background-color: orange;"></div>

PROFESSIONAL AFFILIATIONS

- ASLA, Member Since 2017
- Sigma Lambda Alpha Honor Society, Inducted 2020
- Tau Sigma Delta Honor Society, Inducted 2020
- Phi Kappa Phi Honor Society, Inducted 2018

EXPERIENCE

Landscape Designer
Coastal Vista Design, Inc
Summer 2020 - Current

Landscape Designer at Coastal Vista Design. Assist the Landscape Architecture team to achieve the optimal customer service from conception to delivery of design work. Produces a diverse portfolio of visual graphics and construction documents on a daily basis; including rendering views, sections, master plan rendering, material boards.

Adjunct Faculty Instructor
FIU, School of Landscape Architecture
Summer 2020 - Summer 2021

Co-Developed a curriculum for the graduate level course "Digital Landscape" and "Site Analysis and Design". These classes teaches basic architectural visualization techniques using Lumion Pro and Photoshop as well as using ArcGIS to map geographic data as a foundation for site design. Efficiently coordinated, graded and provided feedback to more than 300 student's work submission through out the time of these courses.

Graduate Assistant
FIU, Professor Rovira
Spring 2019 - Spring 2020

Developed projects assigned by FIU by Design, including site analysis and diagramming, conceptual design renderings, sections, and the creation of guideline booklets for the Uptown Avenue 7 Redevelopment Agency and City of North Miami.

Summer Internship
Plot Studio
Summer 2019

Produced advertising visualization graphics including analysis diagrams, Rendering views, sections, and site master plan rendering. Assisted in collecting and documenting of research data related to the *The VELA Project*.

Research Coordinator
A+ Research
Spring 2013 - Fall 2018

Managed the research team, regulatory and recruitment staff. Coordinated and performed clinical trial under the supervision of the Principal Investigator. Reviewed and updated standard operational procedures.

Administrator
Helping Hands Care
Summer 2009 - Fall 2013

Provided operational leadership and strategic planning for multidisciplinary team of health care professionals. Coordinated recruitment, training and retention of clinical and non-clinical employees.

Surgical Technologist
Milton Hospital
Spring 2005 - Summer 2006

Daily preparation of operating room case carts. Efficiently set up surgical equipment according to individual surgeons preferences. Proficiently operated Steris equipment.

Hospital Corpsman
Surgical Technologist
United States NAVY
Spring 1999 - Spring 2005

Senior surgical technician. Deployed to Kuwait with the U.S. Marine Corps to provide surgical support to establish and staff a field Marine hospital during Iraqi Freedom. Developed and implemented a surgical instrument labelling system to maintain consistency and accuracy among the different surgical trays.
