

MISSION

FIU CARTA | MANA Wynwood's mission is to recognize this global public private partnership in support of cutting edge trans-disciplinary approaches to communication, architecture, and arts education, research/creative activities, and engagement; establish an innovative and robust physical footprint for the University in the heart of Wynwood; and become an international destination for students, scholars, practitioners, and visitors.

VISION

As part of the CARTA Collaboration Hub ecosystem of laboratories and facilities, FIU CARTA | MANA Wynwood aims to accelerate exceptional student-centered learning, upward economic mobility, and production of meaningful research and creative activities through community engagement and collaboration, and to lead transformative innovations locally and globally, supporting FIU's recognition as a Top-50 public university.
