## MESSAGE FROM THE DEAN

At the heart of every great college are its students, faculty, administrators, professional staff, volunteers, benefactors, and alumni. It is their talent, collective accomplishments, leadership, and passion that ultimately define a college's success.

As Dean of one of the nation's most diverse and forward-thinking colleges, it is a great honor to share my colleagues' achievements and celebrate the impact they make every day in the communities we serve.

Sincerely,

Brian Schriener

Students can learn from and work with award-winning faculty in nationally-ranked, accredited programs in the heart of one of the country's most vibrant, diverse, and creative cities.

Each of the disciplines housed in CARTA informs the way we think, interact, and relate with each other. CARTA inspires and feeds creativity, problem-solving skills, and resiliency. Sparking dialogue through our design, visual and performing arts, and communication, we devise ways to improve the world for the next generation.

We are the launching point to what's next. From researching the impacts of climate change to augmented reality to immersive concert experiences and mesmerizing theater productions; from the seagrass to the sawgrass - our faculty help students develop a meaningful future.
